

## Junior Representation Events

Season 2021-2022

Updated March 2022

---

Representing your country is the highest honour that can be bestowed upon a sportsman or sportswoman. Any player who aspires to represent England is expected to demonstrate the highest standards of professionalism, both on and off-court. This includes demonstrable commitment to England Squash, the Performance Programme, appropriate behaviour to coaching and support staff, teammates, colleagues, and opponents.

The information in this document is accurate as of August 2021 but remains subject to change. As a result of the unique and extenuating circumstances caused by COVID-19 and the subsequent impact on domestic sporting calendars and subsequently rankings, England Squash will closely monitor this document to determine if subsequent changes are necessary. All changes/updates specific to player selection will be communicated via email to appropriate players.

Please note the following.

- A player must be an active member of the squad programme to be considered for representation, despite any results that are achieved in the domestic tournament circuit.
- If players decide not to enter the selection events outlined, you **MAY NOT** have the quantity of results that enable you to be selected over a more committed and similar level of player.
- We welcome open communication from any player/parent who feels committing to the stated selection events will pose a problem.
- A player cannot play in two age groups in the same event. Therefore, players wishing to be considered for more than one age group selection should clarify with the lead coach and talent pathway lead, what events are required to be considered for selection.
