

# Our Clean Sport Commitment

## Clean Sport Commitment Statement

---

England Squash adopts the UK Anti-Doping (UKAD) and World Anti-Doping Agency (WADA) position that cheating, including doping, in squash is fundamentally contrary to the spirit of squash, undermining the otherwise positive impact of squash on society.

To this end England Squash commits to support Clean Sport in the UK in the following ways:

- England Squash supports the mission of UK Anti-Doping and WADA in achieving Clean Sport.
- All players are expected to play, train, and compete in line with the spirit of squash, including the Anti-Doping rules.
- All coaches and athlete support personnel are expected to perform their role in line with the spirit of squash, including the Anti-Doping rules.
- England Squash is committed to supporting the prevention of doping behaviour in the UK in collaboration with other sporting bodies.
- Employed and associated 'staff' will not condone, assist or in any way support the use of prohibited substances and methods (unless permitted by a Therapeutic Use Exemption) in any aspects of their work.
- Breaches of this, or any rules/policies referred to in England Squash's Anti-Doping rules will be acted upon accordingly.
- All employed and associated 'staff' will be expected to contact UK Anti-Doping should they become aware of an athlete or NGB member using or considering the usage of a prohibited substance or prohibited method. This contact should be done in confidence on the dedicated confidential Report Doping in Sport telephone line.
- England Squash will uphold any sanctions placed upon a player, coach and/or support personnel by UK Anti-Doping or other associated body in accordance with the World Anti-Doping Code.

Further details regarding UK Anti-Doping and WADA are available respectively here.
