

Road to (Junior) Selection

Season 2024-2025

Updated July 2024

Representing your country is the highest honour that can be bestowed upon a sportsman or sportswoman. Any player who aspires to represent England is expected to demonstrate the highest standards of professionalism, both on and off-court.

Road to Selection is an objective, points-based selection system allowing players, parents and coaches to track progress towards England selection throughout the season.

The information in this document is accurate as of July 2024 but remains subject to change. All changes/updates specific to player selection will be communicated to appropriate players.

Please note the following.

A player must be an active member of the squad programme and Road to Selection to be considered for representation.

02

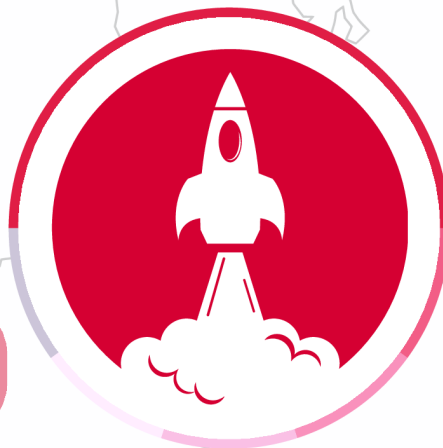

Results achieved in events not included in Road to Selection or results from a different age group will not be considered. We wish to encourage players to seek competition amongst peers in their own age group.

03

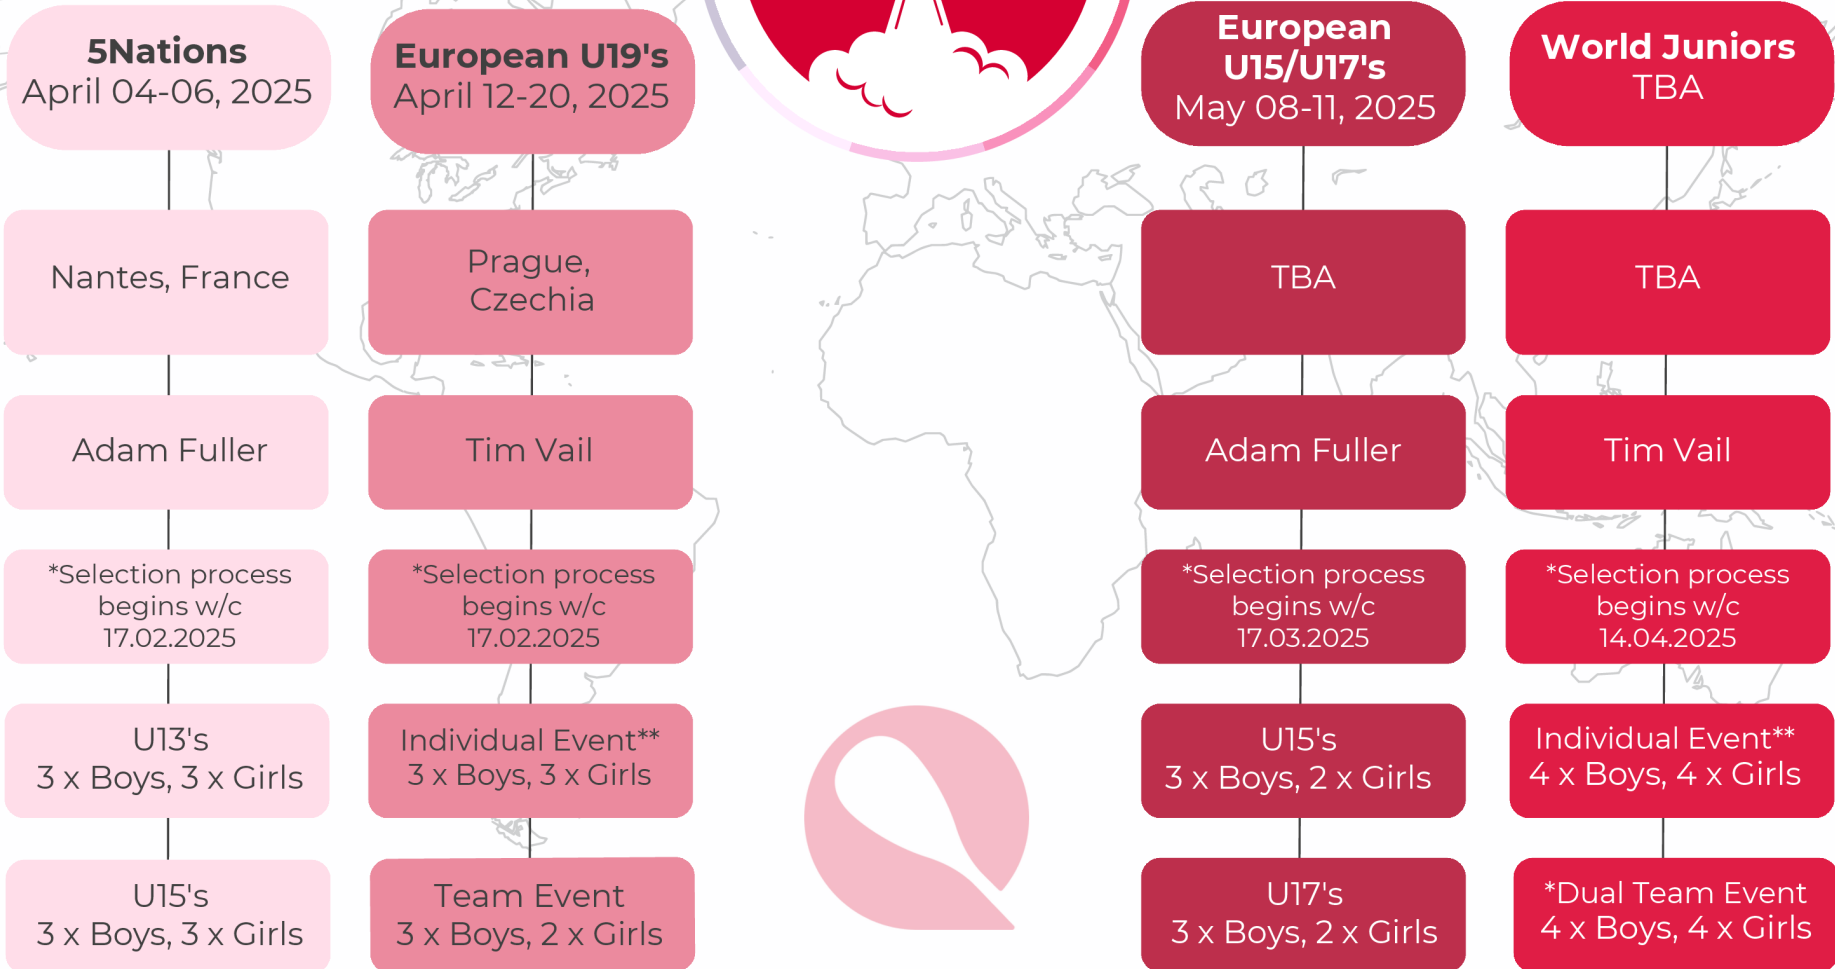

We welcome open communication from any player/parent who wishes to discuss the selection process.
