

Racketball scoring announcement

From the 1 April 2009 all Racketball events sanctioned by England Squash will be played using PAR-11 scoring system, with a player to win by two clear points at 10-10 in each game.

England Squash have trialled PAR-11 extensively in a controlled environment over the past 6 months at all levels, including – local leagues, county championships, regional singles events and the national doubles championships. Feedback from players, spectators and organisers has been extremely positive towards PAR-11. At local level it has allowed players to complete matches within a normal single booked session. At events the matches have remained highly competitive and the duration of games has suited scheduling, playing and spectating requirements.

The National Racketball Championships in Birmingham 8-10 May will be operating PAR-11 and this would be a great opportunity for any club or county Racketball organisers to come and observe the new system in action.

England Squash would also like to take this opportunity to draw attention to the PRICE Racketball, the ***only*** endorsed Racketball manufacturer in England. PRICE produce blue balls for general play and age group matches, and black balls which are used in the open categories of the national championships and inter-county competitions. These balls can be ordered by email, telephone or fax E: sales@jpricebath.co.uk T: 01225 742141 F: 01225 743237
